

Guess How Old They Are Now

In our senior care community, we introduced an engaging guessing game tailored to the diverse abilities and interests of our residents.

In our Assisted Living Wing, sharing anecdotes about each person featured has sparked connections and laughter among residents. In Memory Care, examining photos and making age guesses has provided cognitive stimulation and social interaction.

This activity was a big hit with our residents. Consider including local celebrities for added excitement. Just remember to select living celebrities, or else the game can take a grim turn...)

Enjoy!
